DETAILED ACTION

Response to Amendment

1. Receipt is acknowledged of the Amendment filed January 11, 2005. The applicant amended claims 37-39 and cancelled claims 41-44.

Allowable Subject Matter

2. Claims 1-39 are allowed.

The following is an examiner's statement of reasons for allowance: none of the cited prior arts discloses, teaches or fairly suggests the claimed movable cassette including a plurality of indicator members/buttons movably connected. The plurality of indicator members/buttons is to be moved between a first axial position and a second axial position to indicate a predetermined unique condition of the cassette. After further search and thorough examination of the present application and in view of the Applicant's arguments and amendments, claims 1-39 are found to be in condition for allowance over the prior art made of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
